## CHARLES L. TUPPER

We extend our sympathy to the family of Charles L. Tupper, who passed away during the past year.

Mr. Charles L. Tupper was elected to the office of Selectman in March 1957 and held the office continually until March 1972. His 15 years as a Selectman of Enfield were served as a conscientious, sincere devoted public servant. When aroused to oratory, he was unequaled in his town. A man of strong conviction, he would stand by and vigorously defend his beliefs even at the risk of unpopularity. A scholarly man of sharp wit and tongue, with a burning interest and desire to serve his community, he proved to be a formidable leader of men and could muster strong support for his beliefs. To the many citizens of Enfield he will be remembered as a civic-minded person whose service was commendable. His example should cause us all to reflect upon our own performance of duty and for the high code of conduct he set, we hereby express our gratitude and appreciation.

## REPORT OF THE
## ENFIELD RECREATION COMMISSION

We would like to again thank the citizens of Enfield for their support of our plans for Huse Park. To summarize briefly what has happened this year: Following Town Meeting, there were several exchanges of letters with the State on the project in order to answer all questions. This has been taken care of and we are awaiting final Federal approval of the project. We have encountered many delays which have resulted in our not completing in 1973 the first phase of the project: (1) the built-in delay processes of the State government itself, (2) we considered alternate architectural designs for the building on the site and there was a delay in the drafting of those, (3) we had a delay because of the tests for the septic system which had to be approved by the State Water Pollution Department. It was found that the only site suitable for the septic system is the piece of property that is adjacent to the Methodist Church. This is the same property that was discussed at the last Town Meeting when the Methodist Church sought possession of same. So the wisdom of the community in keeping this in the possession of the Town has been re-affirmed. All in all, we anticipate approval and are hoping that even before this Town Meeting, we will have approval so that construction can begin in the spring. No funds have been expended to this date; the $4,000 appropriated last year has been held in capital reserve, We are not asking for additional monies this year, because in good faith we want to demonstrate progress before asking for additional funds.

We would also like to publicly thank the La-Salette Seminary for not charging the rental fee of $500 for the use of Shakoma Beach this past summer. These funds were used for paint, building and roofing materials plus labor to renovate the bath house; picnic benches were added to the site and next year we will install barbecue grills; new curbing was installed around the beach area which has eliminated the erosion problem there.

Through the efforts of the Recreation Commission, a Neighborhood Youth Corp project was instituted in Enfield under the direction of Tom McGonis. Six boys from Enfield did numerous projects throughout the community and were primarily responsible for improvements at the beach area such as removing the brush in the upper parking lot, painting the building, etc. Your Commission funded half the salary of the supervisor; the wages of the students were paid in full by the Federal government.

An additio al feature added to the summer recreation program was bus service that went to both ends of the lake to bring children to the summer program and will be repeated again this year and parents should be advised of this. This will be the second year of this experiment to see if parents wish to take advantage of this transportation. Also, we are supplying bus transportation for our junior skiers who through the efforts of the Commission have been able to purchase discount tickets for skiing at the Storrs Hill Ski Area in Lebanon. This is the second year of this program intended to encourage children of the community to learn alpine skiing.

This past summer saw the appearance in various locations around the town of a bicycling map of Enfield produced by the Recreation Commission. Numerous copies were picked up by local citizens and we presume were used. We would like to produce a skimobile and cross-country skiing map and would encourage townspeople who own property to list same with us if they are open to skimobiling and/or cross-country skiing. This information would be used to produce this type of map.

Our summer recreation program was very successful with an average daily attendance of over 50 children. Included in our many activities was a half-day bike tour, nature walks, making bread, and of course, the swimming program at the beach. Our annual Christmas party was very well attended again this year and grateful thanks go to Santa Claus and the LaSalette Singers.

Because of discussion for the past couple of years of a life guard for the Town beach, we have submitted an article in the Warrant for townspeople to discuss the advantages and disadvantages of this program. The Recreation Commission wishes to have the Town express their will on this issue and will abide by their decision.

The Recreation Commission has long seen the desirability of the Town owning a piece of property on Lake Mascoma and sees the Mascoma Marina property as possibly the last large shore front tract available at a reasonable price. The community could buy this for swimming and boating purposes. If the will of the people is to support this project, the Recreation Commission will assist in its development with the Planning Board and would see in the future the addition of canoe training and small craft safety being added to our summer program.

In the up-coming year we expect to be very busy with the aforementioned projects and thank the community for their continued support. We believe we have a well-rounded recreation program with many features that other communities of our size in the area do not have.

## CERTIFICATE OF AUDIT

We have examined the records of the Board of Selectmen, Town Clerk,Town Treasurer, Tax Collector, Overseer of Public Welfare, the Public Library and the Trustee of Trust Funds and Revenue Sharing Accounts for the Town of Enfield, New Hampshire, including statements of Receipts and Payments, for the year 1973. Our Examinations were made in accordance with accepted auditing principles applied on a basis consistent with preceding years, and accordingly included tests of the accounting records and other auditing procedures we considered necessary during the examination.

# REPORT OF THE ENFIELD PUBLIC LIBRARY

Circulation has been in accordance with past years. We have experienced an increase in adult reading with magazines proving to be very popular.

Over 1,600 volumes were borrowed from the Bookmobile this year with an additional number of special requests from the N. H. State Library.

The library received gifts of hard covered and paperbacks from library friends. Additionally two excellent references of music were purchased with a gift received in the memory of Rev. Daniel Fox. These gifts are sincerely appreciated.

The Friends met during 1973 and several members volunteered their services for special library projects. A warm thank you to Mrs. Helen Auger for her "Library Notes" that appear in local newspapers.

There were classroom visits in the Spring, with the annual Summer reading program during the vacation. While a relatively small group participated there proved to be ample competition. Gift certificates were presented to Matthew Lambert and Richard Jones for their achievements.

The library sponsered a two month weekly movie program of interest to the fishermen in the community. In light of its sucess a similiar program is planned for February and March. All anglers, of any age, are invited to attend. Mr. John Dunn, Trustee, has been instrumental in the planning and presentation of this program and we would like to take this opportunity to express our thanks.

## REPORT OF THE ENFIELD PLANNING BOARD

The Planning Board held regular monthly meetings during 1973.

Robert Bachand and Michael Alafat accepted appointments to the board.

Fifteen street signs and posts have been purchased and will be erected in the Spring. Although the first fifteen are being placed in the village, it is our hope that signs will be placed throughout the town in the future.

A program to replace the shade trees the town found necessary to remove over the past several years has been completed and progress is scheduled to start in the Spring. Exact locations have not been established.

The board in cooperation with the Recreation Commission is in the process of trying to locate a permanent town owned beach site for residents.

## REPORT OF THE
## ENFIELD CONSERVATION COMMISSION

The Enfield Conservation Commission, voted into existence at the March 1973 Town Meeting, began with Robert Hewitt, Donald Cantlin, Richard Bryant, Blair Wood and Olivene H. Cummings appointed to serve. Robert Hewitt was elected chairman; Olivene H. Cummings, secretary. The open meetings are held the first Tuesday of each month in the Town Hall.

Richard Bryant felt it necessary to resign as an active member, but offered to act as consultant whenever needed. Kaye Mirski was appointed to fill the vacancy.

During the year the Commission arranged to have 76 junk cars disposed of and has initiated having water holes cleaned or dug and fenced for water supply in case of fire in outlying areas. Field trips by members were made to Smith Pond and Sandwich Notch. The Annual State Conservation Commission meeting in Nashua in November was attended. The Commission supported the effort to establish the Shaker Mountain Conservation District.

An article to make Ibey Road a Scenic Road, an Article on Class VI roads and an Article to have two additional members added to make a full complement seven member board were prepared for the warrant to be presented in 1974 Town Meeting for vote.

The Commission applied for and received a Ford Foundation Grant of $750 for soil testing.

Respectfully submitted,

Olivene H. Cummings, Secretary

UPPER VALLEY-LAKE SUNAPEE COUNCIL
1973

During 1973, your regional Planning and Development Council continued to expand it's activities, improve it's efficiencies, and broaden it's coverage. It now serves 19 communities in five Counties, in New Hampshire and Vermont. The ten new Council members are all from the Lake Sunapee area. Deferring to this, the Council changed its official name to "UPPER VALLEY-LAKE SUNAPEE COUNCIL".

Council members will benefit from this expansion in a great many ways. It is particularly important economically. The resulting financial support, alone, will be of material value. In 1974, the member towns will contribute less than one-third of the Council's total monetary requirements. The balance will come from Federal, State, Foundation and similar institutional grants. Such grants are rarely available to individual communities. However, as a member of the Regional Council, Enfield will receive more than $3.00 in benefits for every $1.00 it contributes.

To strengthen it's internal organization, the Council recently revised and clarified it's by-laws to materially confine it's idealogies and, hence, to assure it's total objectivity. The Council is NOT a governing body in any sense - nor is it related to Government or Politics at any level. Factually, it is a voluntary non-profit association of member communities dedicated solely to the analysis and solution of specific economic, environmental, and social problems affecting the area.

In all cases, it's recommendations must be collectively beneficial as well as beneficial to each individual community. It serves to help the people and the governing officials in each of it's member towns.

Enfield was a direct beneficiary under most projects developed by the Council during the year. At the regional level, the Council continued to research and develop it's Waste Water Disposal proposal. Following publication of the basic study, in 1972, the details necessary for ultimate implementation were developed. Although this was time consuming, it should facilitate final action during the coming year.

At the same time, the Council completed initial development of a Water Facilities proposal - designed to help the member communities plan for their water requirements for the next fifty years. Even though this proposal may not be implemented immediately, the data it offers is absolutely essential to communities, such as Enfield, that are currently planning their short and long term growth.

Of major importance is the current development of a Solid Waste Disposal system. Enfield, as well as many other communities in the Region, must immediately discontinue their "Town Dump" solid waste disposal procedures. They are neither environmentally nor socially acceptable. During 1973, the Council developed the "basics" of a new regional system and it now is ready to contract a firm of Engineering Consultants, who are specialists in this particular field, to assist in preparing a final proposal. It should be available within the next six months.

More specifically, the Council served the town of Enfield in many ways, during the year. It did considerable research on a number of Enfield's unique problems and made a great many highly valuable recommendations - particularly problems in the environmental and economic areas. These covered such varied subjects as de-polluting the Mascoma River and Mascoma Lake (as well as other town lakes): developing soil and tax maps; planning the new Town Hall, remodelling the present Town Hall, improving the town's fiscal management, and consulting on various forms of Town Government.

Currently, it seems most evident that 1974 will be a year of ACTION and hopefully, a year particularly beneficial to ENFIELD.

MASCOMA AREA HEALTH COUNCIL
Jan. 1 - Dec. 31, 1973

Born out of the Town Meetings in 1969, the Council is completing its fifth year of service to Canaan, Enfield, Grafton and Orange. Serving a population of a little more than 5,000, the Council's two nurses (each working half time) provide nursing service in the home and a complete health prevention and health promotion program.

In 1969 the Council began quarterly immunization clinics for all preschoolers. In 1971 this service was expanded to the present monthly Well Child Conferences. An average of 185 preschool children is enrolled in this free program, which is heavily supported by the Bureau of Maternal and Child Health, New Hampshire Division of Public Health. Under this program, each child regularly receives a full physical examination, all necessary immunizations, and tests for vision and hearing. Parents are seen with the children, problems are discussed and if necessary referred for further treatment. The Council's nurses make follow up visits when needed. For any child who will not see a private physician the Council provides the full physical exam necessary for entrance to kindergarten or first grade. It is also under contract to supervise the health of the children in the Headstart program.

Nutritionists are available at each clinic, and are also available to adults needing help on dietary matters. A representative of Planned Parenthood is also available for counselling when needed.

No funds have become available for the long hoped for dental program, but this past year, with generous financial help from the Lions Clubs of Canaan and Enfield the Council was able to institute a new program of counselling on preventive dentistry.

The Council depends for support on the four towns served, each of which contributes annually on the basis of its population, and on Medicaid and Medicare where it is applicable. While we must of necessity set a charge for services other than the free pre-school clinics, the services are available to everyone, regardless of ability to pay that charge.

At present our nurses are Mrs. Gertrude Clark, R. N. of Grafton and Mrs. Toni Sadowsky of West Lebanon. During the year 1973 they have made almost 1,500 visits to area residents for nursing service, health promotion, counselling or support.

In November of 1973 the Council, in cooperation with local physicians and the American Cancer Society, offered to area women a free clinic testing program for cancer. We hope another such program can be offered in 1974. In addition, plans are now being made with the Council on Aging for an Adult Health Screening program to be held annually in the area.

The Council is governed by a volunteer board of directors elected from the four towns, and its medical policies and practices are supervised by a Medical Advisory Board consisting of area physicians and several volunteers.

The Council maintains its office in the Health Room at Mascoma Valley Regional High School, with its own telephone (632-7234). It is heavily dependent on, and grateful to, the Methodist Churches of Canaan and Enfield and the School, which provide space for its clinics and meetings, and to the school for its office space there. A pamphlet describing the Council and its work and service is available on request. Its monthly meetings (first Monday evenings at the School) are open to the public, and visitors and volunteers are welcomed.
